This is a chronological list of 829 letters from Edward Thomas that have been formally published, together with an index of the 42 different recipients. I have indexed only sources containing the full letters, with the following exceptions:

- I have included everything in the 'Letters' section of *The life and letters of Edward Thomas* by John Moore. Most of these are only extracts, but all are dated and many are unavailable elsewhere. I have not noted these as 'extracts'.
- I have included everything in *Edward Thomas's poets* edited by Judy Kendall: some letters here are only extracts, and I have noted these.
- I have included the three letters presented in full facsimile in *Edward Thomas: a biography and a bibliography* by Robert P. Eckert, but none of the many extracts in the text.
- See ETFN42B in the List of Sources with Codes.

The following shows most elements that might be present in an entry in the list:

1913 Feb Harold Monro

Undated. PW suggests February 1913: ETFN42 suggests late 1911

ETFN42B P.8 (extract)

PWB # 11, p.55

A letter sent in February 1913 to Harold Monro, published in the sources represented by the code ETFN42, where it begins on page 8, and is only an extract, and by the code PWB, where it is given the number 11 and begins on page 55. A note states that it is undated, and

that the two sources suggest different dates. (When this has happened, I have used my best judgement as to which date to use.)

The list is in chronological order, with the date normally given to the nearest month (and occasionally the nearest year) when the exact date is uncertain. If there is more than one recipient for letters on a particular date, the entries are sorted by the surnames of the recipients. Date are suffixed 'a', 'b' etc. when there is more than one to a particular recipient on a particular date. (What happens when both conditions occur for a particular date can be seen in the list at '1913 Jun': there are only four such cases.) Dates suffixed with 'm', 'n', etc. are approximate but appear precise to ensure correct sequencing where this is known: these are, with one exception, from LFY.

The following shows an entry in the name index:

Berridge, Edna  
1912 Jul 22  
1912 Jul 23

The recipients in the list are named as they are in the source, that is normally in direct order, whereas the index uses the form with surname first. In a few cases the sources use phrases such as 'His father': the list also uses this form, but the index uses the full name, with the phrase added for clarity 'Thomas, Philip [His father]'.

I would be glad to be informed of any errors and omissions through [g.roe@sheffield.ac.uk](mailto:g.roe@sheffield.ac.uk).

This article contains many extracts and a few complete letters found in the Poetry/Rare Books Collection of the State University of New York at Buffalo, mostly to Harold Monro. These are almost all to be found in PWB, although often with different dates suggested. I have treated the PWB dates as correct. Only the fuller extracts are indexed.
